Re: NC CCH Red Book Update

This memorandum establishes to all Concealed Carry Handgun (CCH) Instructors that an update has occurred to the CCH publication titled “Concealed Carry Handgun Training” (RED BOOK), Volume VIII. Take note that the student exam has been removed from the back of the book to help ensure the integrity of the examination. There was no other significant revision to the training manual.

CCH Instructors may obtain a copy of the exam and answer key one of two ways. First, an instructor may call the North Carolina Justice Academy Bookstore at 910-926-6099 and request a free electronic PDF copy of the test and answer key to be emailed to the address they choose. If using this method, callers will need to provide their full name and Instructor ID# so bookstore staff may verify their valid instructor credentials. Instructors must make copies of the test and distribute them to their students during training. A version code is located at the top right of the exam that will match the most recent version of the RED BOOK (Version VIII). Or, as a second option, an instructor may purchase and order a revised “Laws Governing Concealed Handgun and Use of Deadly Force” (Yellow Book). Take note that the student exam has been added to the back of the yellow book, which is designed only for CCH Instructors to purchase at their discretion. There was no other significant revision to the yellow book training manual.
